

Vendor: HP

Exam Code: HP0-M35

Exam Name: Implementing HP TRIM 7.x Software

Version: DEMO

QUESTION 1

Which HP TRIM function allows you to select the fields to "export" record metadata to a Word, Word Perfect, or tab-delimited file?

- A. TRIMPort
- B. Print Merge
- C. SuperCopy
- D. Copy

Answer: B

QUESTION 2

The Export function supports many different elements of information. Which objects can be exported.? (Select three.)

- A. locations
- B. record types
- C. electronic documents
- D. shortcut keys
- E. metadata
- F. document queues

Answer: ACE

QUESTION 3

Which action should you perform before importing data?

- A. update locations
- B. validate index
- C. back up datasets and document stores
- D. take dataset offline

Answer: C

QUESTION 4

What is the difference between the Check Out and Edit functions in HP TRIM?

- A. Check Out shows that a document is checked out to a user and shows the check out in the Assignee field; Edit allows you to edit an electronic document.
- B. Check Out provides document revision/replacement option during Check In; Edit automatically creates a revision with no user interaction.
- C. Check Out acts as a placeholder for a document and prevents other users from viewing it if it is checked out; Edit allows you to select the application that will be used to make changes in the document.
- D. Check Out cannot be used on a document; Edit allows you to change the metadata properties of a HP TRIM record.

Answer: B

QUESTION 5

How do you add activities to the Workflow template?

- A. Select Tools > Add Activity.
- B. Right-click, then select Add Activity.
- C. Select Edit > New Activity.
- D. Select File > New > Activity.

Answer: B

QUESTION 6

For what purpose would you use the Print Report function?

- A. to produce electronic documents
- B. to generate barcode labels
- C. to print workflows
- D. to create HTML documents

Answer: B

QUESTION 7

When creating a new document record for HP TRIM via Windows Explorer, the user should highlight the document, right-click and select what?

- A. Send to HP TRIM
- B. New to HP TRIM
- C. Open with HP TRIM
- D. Properties for HP TRIM

Answer: A

QUESTION 8

Once a record is authorized for destruction, how should you change the status from Active to Destroyed in HP TRIM?

- A. Locate the record, right-click and select Properties. In the Title field, add the word Destroyed before the title.
- B. Locate the record, right-click and select Administrative Tools > Retention. Click the Disposition tab and select the options to change disposition to Destroyed.
- C. Locate the record and change the Home Assignee Locations to Destroyed for the record container.
- D. Locate the record, right-click and select Record Type. Click on the record type that holds Destroyed records, and then click OK.

Answer: B

Thank You for Trying Our Product

Lead2pass Certification Exam Features:

- ★ More than **99,900** Satisfied Customers Worldwide.
- ★ Average **99.9%** Success Rate.
- ★ **Free Update** to match latest and real exam scenarios.
- ★ **Instant Download** Access! No Setup required.
- ★ Questions & Answers are downloadable in **PDF** format and **VCE** test engine format.
- ★ Multi-Platform capabilities - **Windows, Laptop, Mac, Android, iPhone, iPod, iPad**.
- ★ **100%** Guaranteed Success or **100%** Money Back Guarantee.
- ★ **Fast**, helpful support **24x7**.
