

Vendor: Novell

Exam Code: 050-728

Exam Name: Identity and Security PartnerNet

Specialization: Sentinel 6.1

Version: DEMO

QUESTION 1

To achieve better system performance and scalability in regards to Event collection and processing, which Sentinel components can you install multiple instances of? (Choose 2)

- A. Reporting server
- B. Solution Designer
- C. Collection Manager
- D. Correlation engine
- E. Sentinel Control centre

Answer: CD

Explanation:

At most one Communication Server and DAS component can be installed across all Sentinel Servers in a distributed Sentinel installation. On the other hand, multiple instances of Correlation Engine and Collector Managers are allowed.

QUESTION 2

Which actions does the Right click option on events within an Active View allow an Administrator to perform? (Choose 3)

- A. Email
- B. Create Incident
- C. Add to Incident
- D. Connect to advisor
- E. Display DAS statistics
- F. Create iTRAC template

Answer: ABC

Explanation:

A: To send an event message by e-mail:

In a Real Time Event Table, select an event or a group of events, right-click and select Email.

B: To create an incident:

In a Real Time Event Table of the Navigator or a Snapshot Real Time Event Table, select an event or a group of events and right-click and select Create Incident.

C: To add events to an incident:

In a Real Time Event Table or a Snapshot, select an event or a group of events and right- click.
Click Add To Incident.
