- B. Company code
- C. Valuation area
- D. Procurement type

Answer: C

# **QUESTION 5**

You procure a material using the "Consignment" process. You want to ensure that purchase requisitions with the "Consignment" item category are generated automatically for requirements in requirements planning.

Which of the following settings allows you to do this? (Choose two.)

- A. Enter "Consignment" as the special procurement type in the material master record.
- B. Create a consignment info record for the relevant material and enter it as a fixed source of supply in the source list.
- C. Activate the quota arrangement for the relevant material and create a quota arrangement item using "Consignment" as the special procurement type.
- D. Create a consignment info record for the relevant material and select the "Regular Vendor" indicator in the record.

Answer: AC

### **QUESTION 6**

Your company manages stock of various advertising articles on a quantity and value basis. In the future, you want to analyze the value of these advertising articles. Unfortunately, the articles have been created with different material types, material groups, valuation classes, and in different number range intervals. For this reason, you want to change the assignments. Which of the following changes are possible, even if stock exists for the articles?

- A. You create a new material group and then change the material group of the advertising articles to the new material group.
- B. You create a new material type and then change the material type of the advertising articles to the new material type.
- C. You create a new valuation class and then change the valuation class of the advertising articles to the new valuation class.
- D. You create a new number range interval and then change the material numbers of the advertising articles to a number in the new number range interval.

Answer: A

#### **QUESTION 7**

Before deliveries arrive from certain vendors, you want to be informed of the delivery date and quantity. To do this, you use a confirmation control key. Which of the following settings can you define in a confirmation control key?

- A. Only the confirmed quantity can be posted when the goods are received.
- B. Confirmations must be transmitted electronically.
- C. The goods receipt can be posted no earlier than the confirmed delivery date.
- D. The full confirmed quantity must be entered in one posting in the system.

Answer: A

# **QUESTION 8**
