**QUESTION 3**

You implement an intranet that uses Microsoft SharePoint Online. You activate the Document Sets feature. The human resources department has a document library. The department wants to create document sets for the document library. You need to activate the Document Sets feature for the library. What should you do from the library settings? (Each correct answer presents part of the solution. Choose all that apply.)

- A. Allow the management of content types.
- B. Add the link to a document content type.
- C. Enable versioning.
- D. Enable audience targeting.
- E. Add the Document Set content type.

**Answer:** ABE

**Explanation:**

<http://office.microsoft.com/en-us/sharepoint-server-help/create-and-configure-a-new-document-set-content-type-HA101782461.aspx>

#### QUESTION 4

Your company has a site that is hosted on Microsoft SharePoint Online. Three months ago, a user named User1 deleted a document library from the site. You need to recover the document library as soon as possible. What should you do?

- A. Recover the data from the Recycle Bin of the site
- B. Create a new document library that has the same URL as the deleted document library.
- C. Create a service request.
- D. Recover the data from the Recycle Bin of the site collection.

**Answer: B**

**Explanation:**

Recycle bin will be purged every 30 days and Microsoft keeps backups only for 14 days

#### QUESTION 5

Your company uses Microsoft SharePoint Online. You plan to deploy a site for the human resources department and a site for the finance department. You need to plan the structure of the sites to meet the following requirements:

- Ensure that Office documents stored in the finance site can be edited online.
- Prevent Office documents stored in the human resources site from being edited online.
- Ensure that Office documents stored in either site can be edited by using client-side applications.

Which site structure should you include in the plan?

- A. Two web applications
- B. One site collection that contains two sites
- C. One site collection that contains two document libraries
- D. Two site collections
- E. Company 1

**Answer: D**

#### QUESTION 6

Drag and Drop Question

You plan to deploy Microsoft SharePoint Online. Your company identifies the following requirements for the planned deployment:

- Users must be able to create pages based on page layouts.
- Users must be able to edit Microsoft InfoPath forms in a web browser.

You need to identify which features are required to meet the planned deployment requirements. Which features should you identify?

To answer, drag the appropriate feature to the correct requirement in the answer area.

Features	Answer Area
Documents Sets	Feature Users must be able to create pages based on page layouts.
Microsoft Office Web Apps	Feature Users must be able to edit Microsoft InfoPath forms in a web browser.
SharePoint Server Enterprise Site Collection Features	
SharePoint Server Publishing Infrastructure	
Workflows	

**Answer:**

Features	Answer Area
Documents Sets	SharePoint Server Publishing Infrastructure Users must be able to create pages based on page layouts.
Microsoft Office Web Apps	SharePoint Server Enterprise Site Collection Features Users must be able to edit Microsoft InfoPath forms in a web browser.
Workflows

#### QUESTION 8

Your company has five departments. The network contains an Active Directory domain that is synchronized to Office 365. Each user has an Active Directory account. The department property of each user account contains the work department of that user. You have a site that is hosted on Microsoft SharePoint Online. The site has a news list that is displayed on the home page of the site. You need to ensure that when you create an item on the news list, you can specify which department will see the item on the home page. What should you configure from the User Profiles section in the SharePoint Online administration center?

- A. Term Sets
- B. Organization Profiles
- C. Audiences
- D. Policies

**Answer: C**

**Explanation:**

<http://office.microsoft.com/en-us/sharepoint-online-enterprise-help/step-1-plan-to-manage-sharepoint-online-by-using-the-administration-center-HA102034913.aspx?CTT=5HYPERLINK> "http://office.microsoft.com/en-us/sharepoint-online-enterprise-help/step-1-plan-to-manage-sharepoint-online-by-using-the-admini#\_blank"&HYPERLINK "http://office.microsoft.com/en-us/sharepoint-online-enterprise-help/step-1-plan-to-manage-sharepoint-online-by-using-the-admini#\_blank"origin=HA102476181#\_Toc310338683 ("Plan user profile properties" section)
