

Vendor: IBM

Exam Code: C4090-457

Exam Name: IBM Storwize V7000 Implementation V1

Version: DEMO

QUESTION 1

The implementer wants to view the system event log due to some error messages on startup. Which function icon on the Storwize V7000 GUI is used to view the error message?

- A. Monitoring
- B. Access
- C. Home
- D. Settings

Answer: D

QUESTION 2

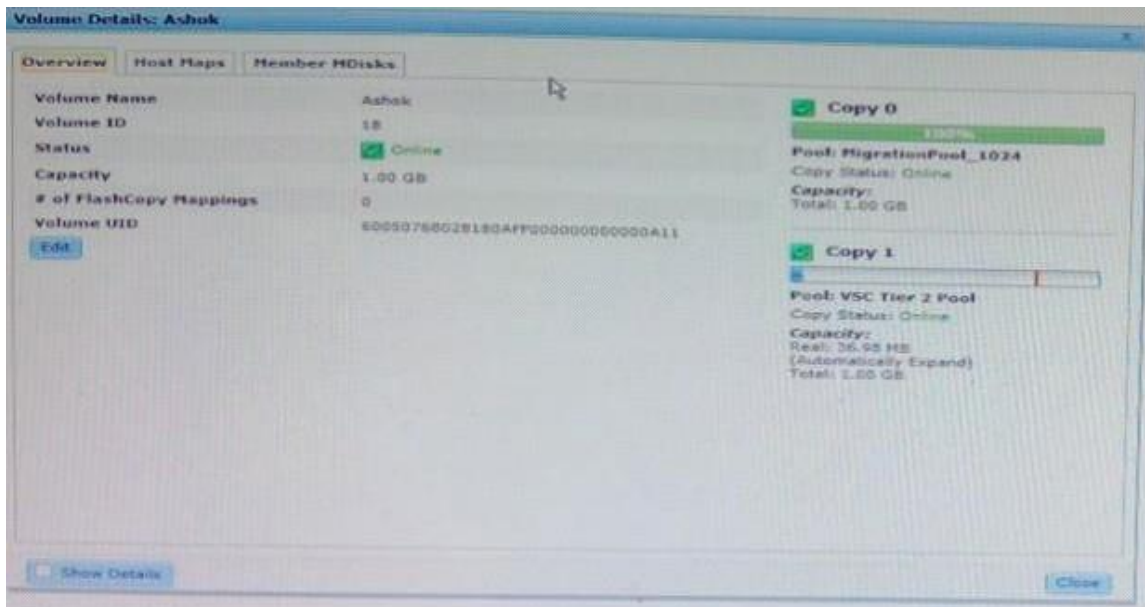

On the Storwize V7000 what will indicate that the USB key is ready for removal and the output file is ready for inspection?

- A. The amber fault LED stops flashing
- B. The amber fault LED starts flashing
- C. The blue system locator LED starts flashing
- D. The blue system locator LED stops flashing

Answer: A

QUESTION 3

Refer to the exhibit. Referring to the diagram, how many Volume Copies are there of Volume Ashok?

- A. 0
- B. 1
- C. 2
- D. 3

Answer: B

QUESTION 4

On a Storwize V7000, what is the maximum number of expansion enclosures that can be single SAS chain?

- A. 1
- B. 4
- C. 5
- D. 9

Answer: C

QUESTION 5

During the Storwize V7000 implementation a customer finds that activating Metro Mirror increases host write latency by 5X while leaving the host read latency unchanged. Which of the following options will reduce the write latency?

- A. Enable Easy Tier
- B. Decrease LUN size
- C. Increase the number of FCIP tunnels
- D. Change from Metro Mirror to Global Mirror

Answer: A

QUESTION 6

An implementer wants to use Real-time Compression on a seven-enclosure Storwize V7000 that is being installed. Additionally they are externally virtualizing another controller with four enclosures.

How many licenses must be entered to support Real-time Compression on both storage units?

- A. 2
- B. 3
- C. 4
- D. 7

Answer: B

QUESTION 7

In a clustered Storwize V7000 what function allows volumes to be moved across I/O groups?

- A. NDVM
- B. LVM Mirror
- C. FlashCopy
- D. Metro Mirror

Answer: A

QUESTION 8

There is existing data on a host to be migrated from old storage controllers into a new Storwize V7000. What is the first host step to be accomplished?

- A. Map the LUN to the Storwize V7000 using the old storage controller's GUI
- B. Update host device drivers, including the multipath driver
- C. Unmap the LUN in the external storage system from the host
- D. Stop all I/O operations from the application server to the LUN to be migrated

Answer: A

QUESTION 9

On the Storwize V7000 what is the meaning of LUN masking?

- A. Ensure access integrity across multiple heterogeneous host servers
- B. Ensure the performance of the volume for the specific host servers
- C. Ensure encryption of the data from the host servers
- D. Ensure compression of the data from the host servers

Answer: A

QUESTION 10

When the implementer is creating a clustered Storwize V7000 with four control enclosures, management IP address(es) need to be set in which enclosure or enclosures?

- A. First control enclosure
- B. First expansion enclosure
- C. First and second control enclosures
- D. All control and expansion enclosures

Answer: D

QUESTION 11

Where would the implementer go in the GUI to see what operations have failed on the system?

- A. System Events Log
- B. Settings > Support > Download Support Package
- C. Take the cursor and highlight the status bar
- D. Go to the Overview screen in the GUI

Answer: A

QUESTION 12

When installing one Storwize V7000 enclosure, how much space will occupy in the rack?

- A. 1U
- B. 2U
- C. 4U
- D. 6U

Answer: B

QUESTION 13

An implementer is connecting a Storwize V7000 to a host. What is therecommended number of HBA ports?

- A. 2
- B. 4
- C. 6
- D. 8

Answer: A

QUESTION 14

What action must be taken before Easy Tier can become functionally enabled?

- A. Enable via CLI
- B. Creation of a hybrid pool with SSD
- C. Selecting the create Easy Tier pool on the GUI
- D. Creation of a hybrid pool with SAS and NL-SAS drives

Answer: A

QUESTION 15

An implementer is looking to verify supported HBAs, firmware, and driver levels for the Storwize V7000. What two places should be checked?

- A. SSIC and Interoperability Matrix
- B. Announcement Letters and Techline
- C. IBM Support Portal and Interoperability Matrix
- D. SSIC and IBM Support Portal

Answer: A

Thank You for Trying Our Product

Lead2pass Certification Exam Features:

- ★ More than **99,900** Satisfied Customers Worldwide.
- ★ Average **99.9%** Success Rate.
- ★ **Free Update** to match latest and real exam scenarios.
- ★ **Instant Download** Access! No Setup required.
- ★ Questions & Answers are downloadable in **PDF** format and **VCE** test engine format.
- ★ Multi-Platform capabilities - **Windows, Laptop, Mac, Android, iPhone, iPod, iPad**.
- ★ **100%** Guaranteed Success or **100%** Money Back Guarantee.
- ★ **Fast**, helpful support **24x7**.
